Subject: 1441 45th ave NE, AMANDA app# 24-101905-PLN

I have reviewed the proposal and have the following comments:

Right now the driveway is set back and flanked by nice landscaping and disguises that there's a big building/business back there. The plans describe moving that set-back up and it sounds like something to do with the pedestrian connection (?sidewalk). I would prefer that the setback stay as is to maintain the aesthetics of the neighborhood. Thank you
