2410 Mission Street  
Salem OR, 97302

**Modification to Previously approved application:**

To whom it may concern,

The owner is looking to modify the previously approved adjustment (SPR-ADJ21-14 (21-108328) by reshaping some of the landscape areas. All affected/changed areas are clouded and labeled as Delta 7. The total landscape areas and PU's have not changed, Bollards have been added at the front of the stalls on the East side to keep vehicles from driving through the property. One planting area at the South of the property has been removed as this is the current location of the trash. The trade off in square footage of landscape was incorporated into the East side planting area.

Items that are related to primary use of the building:  
Ref#: 21-108328-RP, 21-108332-ZO

See the attached site plans to see the revisions made to the site to the landscaped areas.

Sincerely,
