**Project Description**

The proposed work is to provide accessibility updates to the parking lot and pedestrian route to the Safeway store and Fuel Center located at 5660 Commercial St. SE. Improvements include re-sloping the grades of select non-compliant accessible parking spaces and their adjacent access aisles, reducing cross slopes and running slopes along the pedestrian route that exceed code minimums, and adding a new 93sf pedestrian pathway to provide an accessible connection to the right-of-way from the Fuel Center . No net change in parking count nor alteration from the existing pedestrian route are proposed.

Class 2 Site Plan Review
