Hello there, in regards to the proposed new development at 676 17th St. SE, Salem, OR 97301. I don't believe that packing another multi family dwelling into such a small space is a good idea. The neighborhood is nice as it is. The traffic on 17th St. already gets backed up enough as it is. Not that it's my say or anything but I don't believe it will be a good addition to the area.
