Edgar Alejos

I reviewed the proposal and have the following comments:

Sidewalk needed:

There is a commercial project across street on Keubler currently under construction and a residential project on Battle creek already approved as far I know. This will increase vehicle flow on the 27th Street; and half section from Marietta to Keubler has no sidewalk. I see almost daily someone walking or even a family of four. It is a safety issue that needs to be deal with to avoid any significant accidents.

It is even worse when it rains and having a hill that reduces visibility. in that same section.
