Comment:

I would like to know if a traffic study has been done. This is a residential area but the traffic on Baxter has more than doubled since they put the street all the way through from Battle Creek and added more apartments and condos on Wiltsey and Madras. They have also added additional bus routes on Baxter so the buses are running every 30 minutes.

I would also like to know how this is going to affect my home value. I feel this will surely lower all of our property values.

I am completely opposed against this proposed development.
