

Case Number: PAR25-06

Permit Number:24 122051 00 PLN

Name: Leander Leander

Submission Date: 4/7/2025

Comment:

I am a concerned homeowner on Ballyntyne Rd S, a few questions I have are as follows:

Are wetlands protected?

It appears that a traffic study was already performed. Why was the entire neighborhood not included? What was the result of the traffic study?

As a neighbor, why the lack of transparency especially about all the changes? It doesn't feel neighborly or honest.

On behalf of this community, I am requesting a hearing to include the entire community in the decision for such a significant change that will potentially affect those who live on this single entry/exit road.

Thank you for considering my questions and concerns.
