## Wetland/Waterway/Other Water Features

☒ The county soil survey shows hydric (wet) soils on the property. Hydric soils indicate that there may be wetlands.

## Your Activity

☒ A state permit will not be required for the proposed project because, based on the submitted site plan, the project avoids impacts to jurisdictional wetlands, waterways, or other waters.

## Applicable Oregon Removal-Fill Permit Requirement(s)

☒ A state permit is required for 50 cubic yards or more of fill removal or other ground alteration in wetlands, below ordinary high water of waterways, within other waters of the state, or below highest measured tide.

## DSL Review

**Wetland Ecologist Comments**

This project was previously reviewed at the request of the applicant as WD2025-0038. No wetlands or waters present.

**This is a preliminary jurisdictional determination and is advisory only.**

This report is for the State Removal-Fill law only. City or County permits may be required for the proposed activity.

**Contact Information**

For information on permitting, use of a state-owned water, wetland determination or delineation report requirements please contact the respective DSL Aquatic Resource, Proprietary or Jurisdiction Coordinator for the site county.
