Sally,

Will do and thanks for sending it to me. I am happy to see the applicant reaching out to the neighborhood.

Re: Thomas Kay Co.'s, land use action in SWAN Neighborhood, Case No. VUL 19-01, VUL 19-02

Good Afternoon SWAN,

I am writing to you today regarding my recent City of Salem subdivision application for a project in the SWAN Neighborhood. I'd like the opportunity to present my project to your group and answer any questions there may be. If at all possible, and if any part of your group meets other than your typical odd month Tuesdays, I could easily schedule time. I'm looking forward to meeting and talking about the great merits of this project and the many benefits it brings to the SWAN Neighborhood. Thank you very much.

Sincerely,

Tom Kay
