Subject: Early Notice of Land Use Application Submittal

Good afternoon,

This is a courtesy email to let you know that a consolidated land use application has been received for property within the boundaries of, or abutting, your neighborhood association. The Planning Division provides this early notice to the Chair(s) and Land Use Chair(s) of the affected Neighborhood Association(s).

The current proposal is for a Class 3 site plan review, Class 2 adjustments, Class 1 design review, and Class 2 driveway approach permit application for a new 66-unit multi-family apartment development, with associated site improvements. The property address is: 5871 Liberty Rd S

The applications have not yet been deemed complete. Once the applications are deemed complete, official notice, noting the comment period and/or public hearing date, will be sent. Please note this proposal may substantially change based on comments City staff provide to the applicant during our review. It is also possible that the applications may be withdrawn or may expire before notice is sent.

You can request copies of the applications and any documents therein at any time by responding to this email. You can also monitor the status of the applications online [here](#) using this application number: 21-105391

Find other land use applications within your area [here](#).

Best,

Brandon Pike
