Good afternoon Amanda,
Thank you for the opportunity to review the survey report. Our office feels that your recommendations are reasonable. If cultural resources are identified during the project activities, our office is to be contacted within a business day.
If you have any questions, please feel free to contact me.
Thank you,
Chris

Hi Chris,

We finished our Strong Heights cultural survey and report. I'm not sure if you remember this one, but we started this project when I was out on maternity leave, near the Fairview Training Center. I've attached the report for your review. I've also attached our site form update draft (not submitted to SHPO yet) for 35MA195. We didn't find anything associated with the site, and the whole project area is severely disturbed by demolition and construction activities around the lot. Very unlikely the project would impact cultural resources, but review and see if you think the same!

Thanks!

Amanda Carroll, M.A.
