**Importance:** High

1. What's the timeline of completing Phase 1 and 2? Are there any set dates by which Phase 1, 2 must be completed?
2. The lot sizes seem very small at nearly ½ size of any lot of adjacent properties. How was the minimum lot size determined?
3. The plan is unclear on what the fence between Georgetown (Roseway Ct) and Phase 1 going to look like. Will the developer be responsible for building privacy wall between two subdivisions?
