Subject: Meyer Farm proposal

I am a resident of the Morningside Neighborhood and frequently use this area to get away from the noise and congestion of Commercial Street, Battle Creek, and my own Ratcliff Drive. It's the most peaceful place in South Salem, and that's because of the open green space as well as the tree canopy that makes one feel like they are really in the forest, within walking distance of home. Please, please retain this pastoral place for the health of Salemites instead of letting a Portland developer with money on his mind cloud our cleaner air and take away valuable natural areas, as he has done in Portland. Let Salem be known for preserving the trees!
