Hi Aaron

left a voicemail for you and thought a follow up email would be appropriate.

Can you provide insight on to whether Sylvan and/or Sunland will be improved with sidewalks as well?

I have lived at two addresses since 1981 (1477 1981-2000) and (2004-present at 1467). In my experience this street has been forgotten about during any improvement in our area and it would be appreciated to ask that the improvements be mandatory to the developer.

After reviewing the path from Commercial to Battlecreek/Pringle it would seem obvious that Sylvan will become a thoroughfare similar to what Suntree and Mandy is now.

appreciate some feedback if an official request needs to be made.

regards,

Brian & Sarah Perkins
