Wetland/Waterway/Other Water Features

☒ There are/may be wetlands, waterways or other water features on the property that are subject to the State Removal-Fill Law based upon a review of wetland maps, the county soil survey and other available information.

☒ The National Wetlands Inventory shows wetland, waterway or other water features on the property

☒ Local Wetlands Inventory shows wetland, waterway or other water features on the property

Your Activity

- ☒ An onsite inspection by a qualified wetland consultant is recommended prior to site development to determine if the site has wetlands or other waters that may be regulated. The determination or delineation report should be submitted to DSL for review and approval. Approved maps will have a DSL stamp with approval date and expiration date.

Applicable Oregon Removal-Fill Permit Requirement(s)

- ☒ A state permit is required for 50 cubic yards or more of fill removal or other ground alteration in wetlands, below ordinary high water of waterways, within other waters of the state, or below highest measured tide.

Closing Information

Additional Comments

DSL is currently reviewing wetland delineation WD2021-0342 for this project site. Once wetland and waters boundaries are concurred with by DSL, the concurrence letter will be forwarded to City of Salem. If the proposed project does not overlap with jurisdictional wetlands or waters, no further DSL review will be required.

This is a preliminary jurisdictional determination and is advisory only.

This report is for the State Removal-Fill law only. City or County permits may be required for the proposed activity.

Contact Information

- For information on permitting, use of a state-owned water, wetland determination or delineation report requirements please contact the respective DSL Aquatic Resource, Proprietary or Jurisdiction Coordinator for the site county.
