Hello Olivia,

I received the change of land use document, but cannot see exactly where the proposed change will be made. My address is 598 Salem Heights Ave S., Parcel # 083W04AD90009. I cannot tell if the proposed change will be a driveway off of Salem Heights which has the potential of headlights shining into my living area. Is there anyway I can see a drawing of this proposal that makes to me? I am glad that no more trees will be removed as this has been more than a little heartbreaking. Thanks in advance,

Nel Osborn
