Hi Alan,

We are working with PacTrust on the development of a flex space industrial complex located at the SE corner of Aumsville Hwy and Truax Drive (also shown on the attached site plans). We are planning to submit to the City for Site Plan Review in the coming weeks and start construction late spring of 2022. Let me know if the neighborhood association has any questions or comments on the development. We could meet with the association if needed.

Thanks and have a great day.
