Good morning, Kyle.

Thank you for providing the opportunity for the Oregon Department of Aviation (ODAV) to comment on Case No. SPR-ADJ-DAP-DR22-17 for 4700 Block of Battle Creek Rd SE.

The ODAV has reviewed the proposal referenced with the above file number and has prepared the following comment:

1. The proposed construction is in proximity to a navigation facility and may impact the assurance of navigation signal reception. The ODAV requests the applicant complete aeronautical evaluations for the proposed construction with the FAA and ODAV. The aeronautical evaluations are initiated by the applicant providing notice of construction to the FAA and ODAV. The applicant must receive the resulting aeronautical determination letters from the FAA and ODAV prior to approval of building permits. Please contact Seth Thompson, ODAV for assistance to begin the notice process.

Thank you for allowing the ODAV to comment on this proposal.

Please let me know if you have any questions.

Best regards,

**Seth Thompson**
