**Subject:** Land Use Proposal, 3600 block of boone rdse, salem, ore

I have lived in Tanglewood Estates for 42 years and have seen the high increase of traffic on 36th street. it is a narrow country road, never intended to be used as a commercial throughfare. This proposed development will create a high potential for increased traffic on 36th which simply can't support this traffic. I would hope that included in the development plans is a widening of this street to include an elimination of the ditches on both sides. Dick Brady 5563 Mark CT SE, Salem , ore., (503)720-4114
