**Subject:** Request for Comments - Project Address 5205 Battle Creek Rd SE

Dear Mr. Pike,

PLEASE CHECK THE FOLLOWING THAT APPLY:

X - I have reviewed the proposal and have the following comments:

We are concerned about how the addition of an 184-unit complex will impact traffic on Reed Lane. The traffic on Reed Lane has already increased dramatically with the addition of Costco in the neighborhood and the intersection of Reed & Barnes has become a danger for pedestrians.

We also have noticed a significant increase in the negative effect of the soundscape with more intentionally loud muffler vehicles and no noise restriction requirement. We are concerned that the addition of a 184-unit complex in our neighborhood will only make the situation more dangerous with more disturbing noise levels. Thank you.
