Additional Comments

This parcel is covered under wetland delineation WD2020-0648. The delineation, showing 3 wetlands, is valid until April 2026. You should work with the consultant who produced the map or a contractor who has access to the digital wetland boundary data. The site planning should avoid the wetlands. If more than 50 cy of the sum of removal and fill in wetlands is anticipated, a permit application is needed. If you need assistance with calculations of removal/fill in wetlands, please contact the Aquatic Resource Coordinator for Polk County, Carrie Landrum (503) 986-5285.

This is a preliminary jurisdictional determination and is advisory only.

This report is for the State Removal-Fill law only. City or County permits may be required for the proposed activity.
