

## **RESPONSE TO REQUEST FOR COMMENTS**

**DATE:** 1/31/2024

**CASE/APP NUMBER:** UGA-SPR-ADJ-DAP-DR-PLA24-03

PROPERTY LOCATION: 4650 Hazelgreen Rd NE

CASE MANAGER: Aaron Panko, Planner III, City of Salem

Email: apanko@cityofsalem.net

**COMMENTS FROM:** Jolynn Franke, Transit Planner II, Cherriots

Email: planning@cherriots.org

**COMMENTS:** Transit stops have been identified as needed in connection with this proposed development. Cherriots requests two transit stops conforming to the applicable standards of the Salem Area Mass Transit District to be constructed and right-of-way dedication, if necessary, to be provided as part of the street improvements for this development. On-street parking shall be restricted in the area of the transit stops in order to ensure unobstructed access by transit.

One of the transit stops shall be located on the east side of Lunar Drive at Building 5, approximately 50 feet north of the driveway as depicted in preliminary site plan drawing P5.0. The other transit stop shall be located at Building 22 as depicted in drawing P5.1 Note 7.

Design and construction of the transit stops shall conform to Cherriots standard bus stop design package included in the following pages. Specifically –

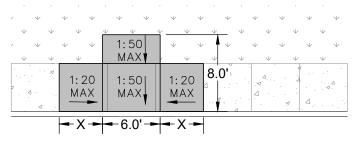

- C1 Bus Stop Pads Layout; Bus Stop Pads Planter Strip (12' wide or less)
- C8 No Parking Zones at Intersections Detail (Bus Stop Zone 150' Minimum Midblock Stop)

Cherriots standard design package also includes sidewalk, curb, and easement details should they be needed. The transit stop pole and sign will be provided and installed by Cherriots staff.

Any questions should be directed by email to planning@cherriots.org.

In addition to fixed route transit, the Salem Area Mass Transit District provides a suite of services and programs that encourage people to try out other transportation options, such as carpool, vanpool, bike, walk and telework. Promoting easy, cost-effective, and environmentally friendly ways to get around is a great way to attract and retain long-term residents/tenants. For more information on transportation options to fit any lifestyle, contact the Commuter Options Coordinator at <a href="mailto:commute@cherriots.org">commute@cherriots.org</a>.

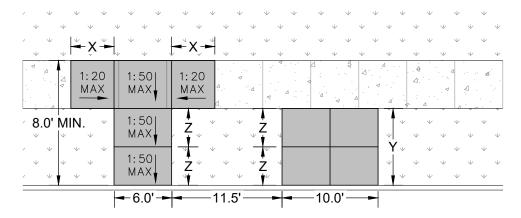

**EXISTING ROADWAY** 

## BUS STOP PADS - CURB LINE SIDEWALK

NOT TO SCALE

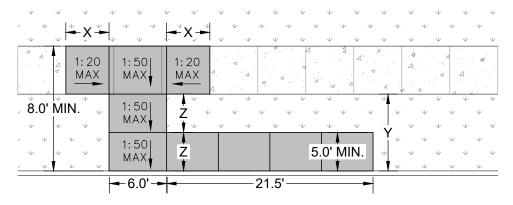

#### NOTES:

- "X" WIDTH TO BE A MINIMUM OF 3.0' OR MATCH EXISTING SIDEWALK JOINT SPACING.
- "Y" LENGTH TO BE EQUAL TO THE WIDTH OF THE PLANTER STRIP, FROM BACK OF CURB TO FRONT OF SIDEWALK.
- JOINT SPACING, "Z" SHALL BE 3' MINIMUM, 6' MAXIMUM. PROVIDE SIDEWALK PANELS THAT ARE AS SQUARE AS POSSIBLE.
- MATCH EXISTING WIDTH WHERE PROPOSED BUS STOP PANELS CONNECT TO THE EXISTING WALK.

## EXISTING ROADWAY BUS STOP PADS - PLANTER STRIP (12' WIDE OR LESS)
